CEEA-ACÉG Panel Template

Panel facilitators
- Name, affiliation
- Name, affiliation

Panel description
The description should include the context of the session, the motivation for the session, an overview of the discussion topic and any additional relevant information.

Learning Objectives
This includes the goals of the panel, for example:
- To introduce an association to the attendees of the conference
- To explore pathways for collaboration with the CEEA- ACÉG community
- To share and compare points of view from the panelists' areas of expertise

Panel plan and schedule
In this section, a clear description of the activity plan for the panel discussion must be provided. This may include:
- The course of action for the discussion
- Opportunities for Q&A from the participants
- Presentation of context, information, background, evidence, etc.

Panel make up
In the plan and schedule, a clear description of the panel participants and their roles (moderators or panelists) must be added to the abstract, include name, position, organization.
- Name, position, organization

A brief bio of each panel member with relevant information related to the panel session can be added to this section of the abstract.

Note: Authors are encouraged to include additional relevant information in the structured abstract that would assist potential attendees to determine if the session would be of interest to them.
