

CEEA-ACÉG Workshop Template

We invite proposals for workshops that focus on practical applications, emerging issues, or innovative technologies in teaching and learning, as well as engineering education research. Workshops will be held on **Saturday June 21st, 2025**, and each workshop is designed to be **90 minutes** long and emphasize active participant engagement. Due to limited availability, not all submissions can be accepted. Presenters are encouraged to align their proposals with the **conference theme**, its streams, or one of the **CEEA-ACÉG Special Interest Groups (SIGs)**. Please ensure the description is clear and includes a detailed plan of activities and timeline.

- Name, Affiliation

Workshop description (~100-150 words)

Provide a statement about why this workshop is relevant and why participants would be motivated to attend. Describe the key topics, skills, or concepts participants will explore. For example, “This workshop will introduce/engage participants to/with...”. This section should be clear enough to help potential attendees understand what level of experience is required and what they will gain from the session.

Expected learning outcomes

In reference to the following guideline, state the expected learning outcomes of the participants, by, for example, starting with “*By the end of this workshop, participants will be able to:..*”

- *Use Bloom’s Taxonomy to select verbs for learning outcomes*
- *Identify clear and concise learning outcomes*
- *Create an interactive and participatory workshop environment*
- *Integrate methods for keeping participants engaged in active learning and collaborative discussion*

Overview of participatory learning activities (~100-150 words)

Describe hands-on group activities, interactive discussions, and reflective exercises related to the workshop theme, and a schedule for these participatory learning activities. Workshops should not follow a lecture-based format; instead, participants should be involved in collaborative problem-solving, practical applications or real-time discussions. Proposals without a clear engagement strategy will not be accepted. This is not a lecture or presentation of materials.

At the time of your proposal reviewers will consider that some specifics about the timeline are yet to be established.

The workshop timeline should allow time for the activities and the total time should be 90 minutes.
